

HOW TO MAKE A **Window Greenhouse**

STEP 1:

Gather Supplies

You'll need: bean seeds, a plastic baggie, a wet paper towel, tape, and a sunny window.

STEP 2:

Wet Your Towel

Wet your paper towel so it is wet, but not soaking or dripping wet.

STEP 3:

Place Wet Paper Towel in Bag

Put your wet paper towel in the bottom of the plastic baggie

STEP 4:

Place Your Beans

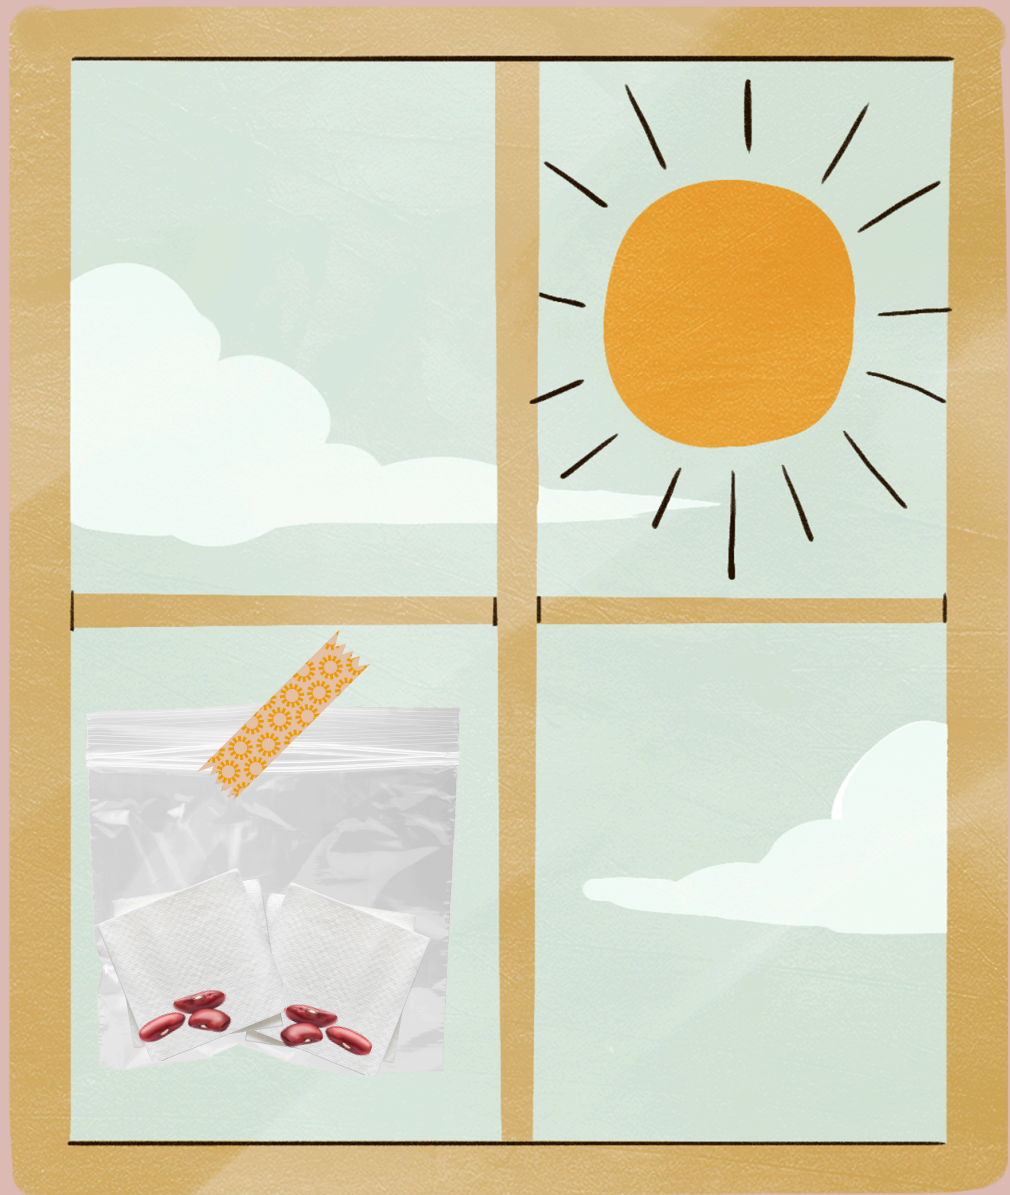

Place one or several bean seeds between the paper towel and the baggie.

STEP 5:

Hang Baggie

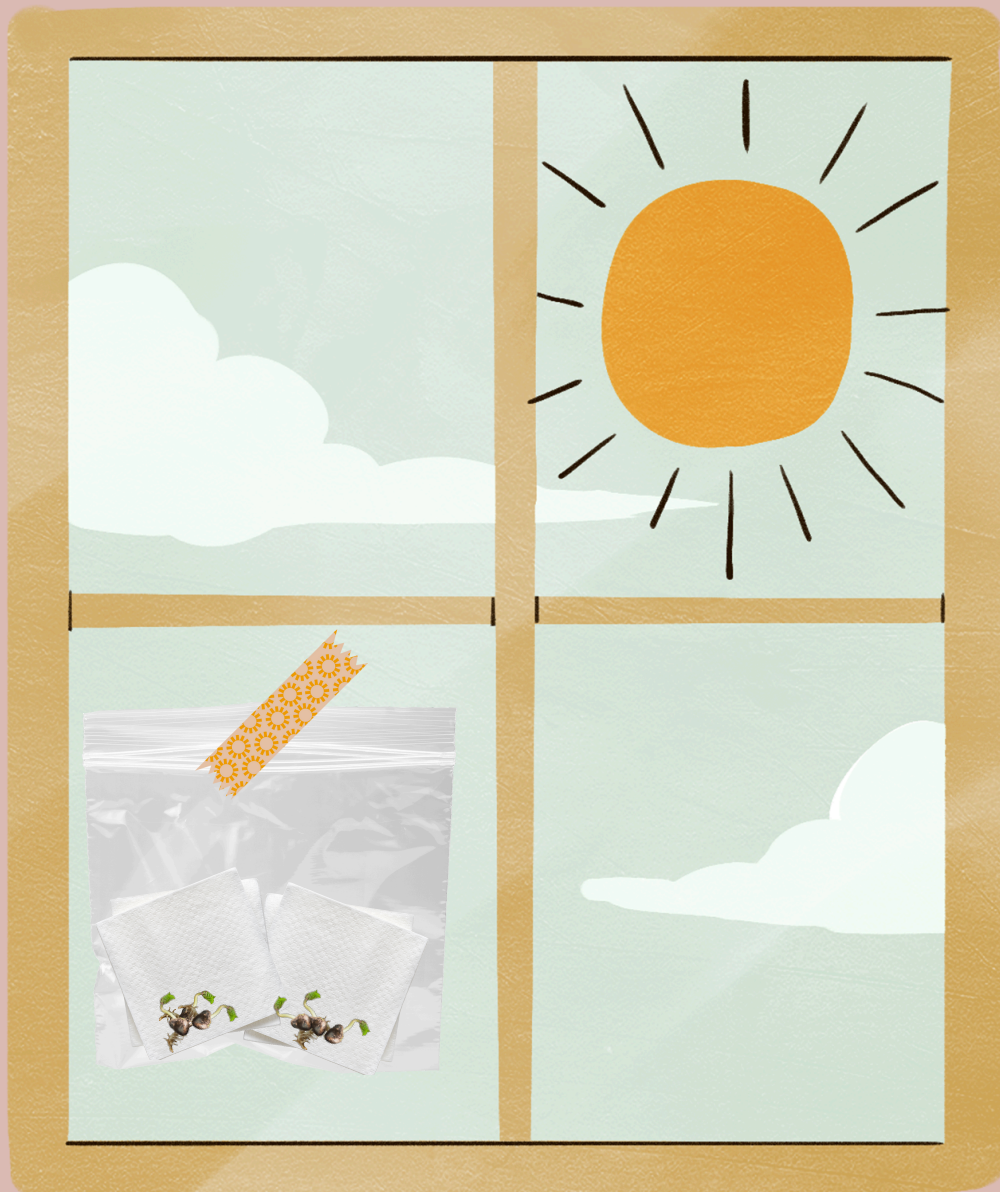

Tape your baggie onto a bright, sunny window.

STEP 6:

Check Daily

Check your seeds daily. You should see a root come out in about 3 days.

OPTIONAL STEP:

Plant Journal

Check your seeds daily and log what you see in a plant journal to keep track of your seeds and their growth journey.
